

Type: Suspension

Light source: **A07F86WN** LED module 26W, 2700K, CRI 90, 1.839 lm  
**A07F86N** LED module 26W, 3000K, CRI 90, 1.908 lm  
**A07F86C** LED module 26W, 3500K, CRI 90, 2.007 lm  
**A07F11WN** LED module 26W, 2700K, CRI 90, 1.839 lm  
**A07F11N** LED module 26W, 3000K, CRI 90, 1.908 lm  
**A07F11C** LED module 26W, 3500K, CRI 90, 2.007 lm  
 dimmable 0-10 V @ 120-277 V~  
 dimmable trailing and leading edge only @ 120 V ~

Product use: Indoor

Materials: Aluminium structure, glass lens

Colors: Medium grey, anthracite

Description: Alongside high technological and luminous performance, Koinè offers a sound-absorbing version and adds another innovative feature. The reflector becomes a cap in 60% recycled felt, an effective aesthetic touch that permits improvement of acoustic comfort in spaces, reducing reverberation and propagation of sound waves. Inside, an aluminium portion contributes to support the felt, while also dissipating heat from the light source.

Insulation class and mark:   

Rating: 120-277 V ~ 50/60 Hz, 28W

Reference code: Structure Ø 86 cm, 2700K
